

## West Virginia School Health Technical Assistance Center

Please join us Tuesday, March 13, 2018

from 2:30-3:30 p.m.

for a free webinar on

**TRACHS, VENTS, AND HOW TO KEEP SICK KIDS BREATHING IN SCHOOL**

This webinar will discuss the devices used and how to care for children with special pulmonary needs in schools including those with tracheostomy, mechanical ventilators, and supplemental airway clearance devices.

This training is offered only via WebEx (no conference call lines will be available). **The Webinar is FREE but you must register in advance.** We are limited to 100 WebEx participants, so please **register early** and plan for group access when able. *This webinar will be recorded and posted with CEU's for future listening for those unable to attend the live offering.*

**Registration Link, CEU Information and Presenter Bio  
are available on our webpage:**

### Learning Objectives

- 1) Participants will be able to recognize children with special healthcare needs at risk for respiratory failure.
- 2) Participants will be able to classify common reason for and complications of tracheostomy.
- 3) Participants will be able to describe the medical care of children with mechanical ventilators in school.
- 4) Participants will be able to discuss common chronic illnesses in children that would benefit from airway clearance assistance.
- 5) Participants will be able to review supplemental airway clearance techniques and devices.

### Miscellaneous Information:

CEUs pending through the Office of Maternal, Child and Family Health. Social Work Continuing Education provider registration number (490089); West Virginia Board of Examiners for Registered Nurses provider number (WV1999-0297).

This event is coordinated by the West Virginia Department of Education Office of Special Education along with the West Virginia School Health Technical Assistance Center at the Joan C. Edwards School of Medicine, Marshall University.
