PREVENTION 101

Presenter: Tammy Collins, PhD

Course Overview

This course is designed for individuals that are relatively new to the prevention field and seek a basic understanding of the theory and practice of substance use disorders prevention and the prevention of other related behavioral health problems. This webinar will explore the foundational principles of effective prevention and discuss how to apply them in a community setting. It will also provide information on how participants can get connected with state or local prevention efforts. This course will fulfill the required prerequisite for the more in-depth Substance Abuse Prevention Skills Training (SAPST).

This training is offered only via WebEx (no conference call lines will be available). **The Webinar is FREE but you must register in advance.** We are limited to 100 WebEx participants, so please **register early** and plan for group access when able. **This webinar will be recorded and posted with CEUs for future listening for those unable to attend the live offering.**
